10th August, 1928.

Dear Sirs,

S. With reference to the classification in the Society's Register Book of the Steamer "OSKAR", I beg to acquaint you that the Committee have had before them to-day a report received from the Society's Surveyors at Hamburg, from which it appears that the vessel has been examined as far as practicable afloat after grounding.

Soundings were taken and no damage appears to have been sustained, but it is recommended that the vessel be placed in drydock for further examination at the first suitable opportunity.

I am, Dear Sir,

Yours faithfully,

Ragner Nilsson, Esq.,
WISMAR, Germany.

Clerk to the
Classification Committee.
