(☒ partly held)

Postponements  
already agreed

New proposal In a letter dated 2nd July, 1959, the Owners indicated that the propelling machinery had been removed and that the ship would be used as a hulk for the supply of Marine Fuel Oils to river craft etc.

Technical recommendation As a result of this information the Committee gave instructions for the notation "Class suspended" - "Hulk" to be recorded in the Register Book.

Date of  
Committee

FRIDAY 22 JAN 1960

Minute

Omit class and all particulars  
from reprint of Register Book.
