Willemskade, 11^B,

Rotterdam, 18th February 1939.

(Postbox 701.)

Dear Sir,

In reply to your letter of the 17th inst. relative to our first entry report on the m.s. "SCOTTISH CO-OPERATOR" I beg to state that the side frames fitted are of bulb angle section as shewn in the report.

The frames at the bracket floors which were proposed .34" in thickness have been approved .32" on the original plan of midship section and fitted .32" so that there is no departure from the approved plan.

As regards the test of the first bower anchor I may state that this figure was given on the certificate of test supplied with the anchor.

I may add that a plan of midship section as built is being sent to your address under separate cover.

I am, Dear Sir,

Yours faithfully,

1 plan separate.

The Secretary,
LONDON.
