71, Fenchurch Street, E.C. 3.

17th February, 1939.

Dear Sirs,

M. With reference to your first entry report No. 27793 on the "SCOTTISH CO-OPERATOR", I have to draw your attention to the following departures from the approved plans, and I shall be glad if you will state whether side frames are of bulb ^{angle} or plain/section and whether the frames at bracket floors have been approved .32" in thickness.

It is concluded the first bower anchor has been tested as required by the Rules, but perhaps you will be good enough to confirm this.

In all future similar cases any departures from the approved plans should be indicated in the report in the column provided for this purpose, and in this connexion I thank it to well/draw your attention to Clauses 38 and 39 of the Instructions to Surveyors.

I am, Dear Sirs,

Yours faithfully,

The Surveyors,
ROTTERDAM.
