S.

Dear Sir,

In reply to your classing letter of the 7th instant in reference to the report N°6279 on the "ALFONSO XIII" I beg to inform you that the furnaces are of "MORISON SUSPENSION" type and not Adamson flanged as shown on the approved plan.

The dates of tests of the boilers and numbers of certificates issued are as follows:-

Certificate N°67	26-8-20	W.B.E.	
"	N°68	23-9-20	W.G.M.
"	N°69	15-10-20	W.B.E.
"	N°70	8-6-21.	W.G.M.
"	N°71	7-7-21	C.H.F.
"	N°72	18-8-21.	W.B.E.
"	N°73	22-10-21	C.H.F.

I would draw your attention to the clerical error "water gauge furnaces" which I presume should be "water gauge fittings".

I am, Dear Sir,

Yours faithfully,

For Surveyors,

The Secretary,
