QUESTION

ANSWER

With reference to the Main Boiler Survey, which became due at the end of February, I shall be glad to learn what arrangements are proposed to be made for this inspection to be carried out.

I would point out that the ship has not been seen in dry dock by the Society's Surveyors since February 1961.

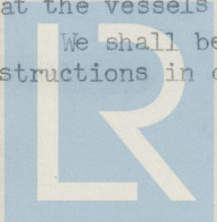

Date:— 6-535  
28th June, 1962.

We enclose herewith a copy of translated letter of the 20th inst. which has been received from the Owners of the above ship as a reply to our enquiry respecting the Main Boiler and Docking Surveys.

It will be noted from their letter that the ship was dry docked in February last, but no request for Survey was received in this Office at that time, nor did we have any knowledge of this docking.

It will be noted from the Owners letter that the vessels class has now been withdrawn. We shall be glad to have the Committee instructions in due course.
