LLOYD'S REGISTER OF SHIPPING,
LEITH.

6th October, 1930.

Dear Sirs,

The S.S. "TOLWORTH" recently launched by The
Burntisland S.B. Co. Ltd., has proceeded to your Port to
receive machinery. For the completion of your First Entry
Report the following dates are given:-

Engine and Boiler Seatings examined 11th September

Stern Frame bored out 11th September.

Completion of fitting of sea cocks 18th September

We are reporting the under water fittings in the
usual way to London. The deck and casing in way of the machinery
has to be closed up and hose tested on completion, and the water-
tight door, steering gear and windlass have to be tried when the
vessel undergoes trials. The Electric Lighting Installation
has to be surveyed in its entirety.

Kindly give these matters your attention.

We are, Dear Sirs,

Yours faithfully,

THE SURVEYORS.

Per. (sgd.) JOHN HOUSTON.

The Surveyors,

SUNDERLAND.
