The Secretary,
Lloyds Register Of Shipping,
71, Fenchurch Street,
London, E.C.3.

Dear Sirs,

Steamer "SANTA IRENE".

We confirm previous correspondence regarding the above vessel also visit of our consulting engineer Mr. P. A. Lemos.

The above engineer has discussed with your Mr. Cook the matter of the part-Special Survey carried out at Kiel last June. He has further requested you to credit in the Special Survey various items of hull which were examined in Kiel by your Surveyors and found satisfactory.

Mr. P. A. Lemos has reported to the Owners of the above vessel that you agreed that the above mentioned hull items were examined in Kiel and found in order. The Owners, therefore, consider that the items in question are credited in the Special Survey and we would appreciate it very much if you would kindly confirm this. The items in question are:

- The fore-peak
- The after-peak
- The holds and the tweendecks and
- The feed water tanks in the engine room.

This matter, as we understand from Mr. P. A. Lemos, was left in abeyance until you contacted your Surveyors in Kiel and we were awaiting to hear from you confirming the fact that the above items of hull are in fact credited to the Special Survey. We thank you in advance,

Yours faithfully,
For and on behalf of
Ch. & E. Pateras, Ltd., Director.
