7th May, 1951.

Dear Sir,

s.s. "ROCKSIDE"

I have to acquaint you that in March last the Gibraltar Surveyor recommended that the H.P. piston valve liner should be further examined before the vessel left Bombay. It is observed from the Shipping Papers that she sailed from that port on the 1st ultimo, and, in the absence of any information to the effect that the requisite examination was made at Bombay, I shall be glad to learn what definite arrangements the Owners propose making for this matter to receive attention.

Yours faithfully,

Clerk to the
Classification Committee.

The Principal Surveyor for Canada,

MONTREAL.

P.S. You will observe that the Boiler Survey became due at the end of last month.
