The Secretary,  
Lloyd's Register of Shipping,  
71, Fenchurch Street,  
LONDON E.C.3.

Dear Sirs,

s.s. "BALTYK"

We thank you for your letter of the 25th June, and would like to confirm that we have already heard about the leakages in the way of the front and back plate seams and both circumferential seams, however it was never reported that the lower butt straps are affected as well.

We have approached the Owners to indicate the port and time at which the boilers can be satisfactorily examined in order that a proper decision could be taken for repairs. We are trying to ascertain by correspondence the Owners' opinion what is the actual cause of these defects to the rivets and will be greatly obliged, if you receive any more information towards finding the cause, if you will be good enough to give your comments.

We will be reverting to this matter as soon as the Owners' reply is received, and remain,

Yours faithfully,

GDYNIA AMERICA SHIPPING LINES (LONDON) LIMITED.
