Dear Sir,

M.S. "BOGLIASCO"

With reference to your letter of 11th October 1963 in confirmation of cablegrams which have passed between us, I have to state that as no drydocking facilities are available at this port and also in view of vessel's commitments the buyers have decided to retain RI classification for the time being since Special Survey was passed in March '63. It is possible that on vessel's arrival Hongkong via Manila some decision may be arrived at regarding the change of classification.

Meanwhile vessel has changed name to "OCEANPEACE" and flag to PANAMA.

Yours faithfully,

The Secretary,  
LONDON.
