Lloyd's Register of Shipping.

Port SOUTHAMPTON.

23rd October, 1936.

D. 1513.

This is to Certify that

WM. COWIE.

the undersigned Surveyor to this Society did at the request of Messrs. The Hamworthy Engineering Co. Ltd., attend at their works at Poole on the 19th October, 1936, for the purpose of surveying and testing a single stage air Compressor No. 36640 made to the order of Messrs. W.H. Allen Sons & Co. Ltd.,

The Compressor has a bore of $2\frac{1}{2}$ " by 3" stroke and is direct coupled to a 3.5 B.H.P. Lister Heavy Oil Engine No. 20960.

A test was carried out under working conditions; the compressor charged a receiver 1.23 cubic feet at 300 lbs. per sq. inch in 6 minutes 13 seconds at 650 revolutions per minute.

On completion of the test the Air Compressor was opened up and the working parts examined and found in good condition. The cylinder was tested by hydraulic pressure to 600 lbs. per sq. inch and found satisfactory. For identification purpose it has been stamped:-

LLOYD'S TEST.
600 LBS.
19. 10. 36.
W.C.

PER:- 11. 1. 0.
Exps:- 3. 0.

Wm Cowie

SURVEYOR TO LLOYD'S REGISTER OF
SHIPPING.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:-

"While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly executed, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances whatever to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of its Committees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
