Dear Sir,

With reference to your letter of the 13th Sept. we have now been advised of the reason for the early application by the Owners for postponement of the Special Survey due in August 1963. Apparently the Owners have to submit a financial plan for the surveys on their ships during 1963 to the Ministry of Shipping. It is therefore necessary for them to know whether the Special Survey will be carried out in 1963 or 64.

I have informed them that in view of the age of the ship the Committee will most probably permit the postponement of the Survey but a final decision cannot be given until the examination required by B 804 has been reported.

Regarding the completion of the Auxiliary Boiler Survey, the Owners state they are arranging for this to be dealt with at the first port of call where there is a resident Surveyor.

Yours faithfully,

For the Surveyors.

The Secretary,
LONDON
