LLOYD'S REGISTER OF SHIPPING

Cert. Kln.C. 62/ 114 J

B.N. 1.8626.0.0014
L.R. 856

Port of Köln, Heumarkt 54

20th March, 1962

This is to Certify that

Heinrich Dröge

the undersigned Surveyor to this Society did at the request of Messrs. Klöckner-Humboldt-Deutz A.G. of Köln-Deutz attend their works on the 19th January, 1962 up to the 28th February, 1962 for the purpose of testing, examining and witnessing running tests as described below, on one Heavy Oil Engine No. 3175027-32, Type V6M 536.

This engine was constructed under special survey, physical tests were carried out on the materials of the crankshaft and connecting rods, and hydraulic tests on the cylinders, heads, liners and water spaces, all with satisfactory results.

The engine was tested under running conditions and found to function satisfactorily.

For identification the engine parts are stamped by the Surveyors and recorded on the Society's Report 4c, No. 716.

H. Dröge
Surveyor to Lloyd's Register of Shipping
KÖLN

D.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:

"While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly executed, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances whatever to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of its Committees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
