Telephone: 23.2523

1st. September, 1959.

Reference

Classn(S).

Dear Sir,

With reference to our Report No 7380 on the Steamship "HERVAL", we have to report that the Owners stated that they wished to defer the B.S. until November/December, 1959, when they intend converting the boilers to oil fuel. They also reported that the boilers were opened up for cleaning and minor repairs to mountings, at Vitoria, in July last.

Yours faithfully,

For the Surveyors.

The Secretary,
London.
