QUESTION

ANSWER

*See Q1  
Date 6/8/62*

With reference to your Return of Vessels Under Survey dated 19th October, I shall be glad to learn if this vessel has been drydocked at this time, as it is noted that the last date of this inspection recorded in the Supplement is April 1961.

Date:— 5th November, 1962.

The Owners state that, due to heavy trade commitments, it is their intention to defer drydocking the vessel until next April. At that time they propose making an application to you for a General Examination to be held with a view to postponement of the Special Survey due July, 1963.
