25th June, 1930.

Dear Sir,

E. With reference to your reports Nos. 3235, 3226 and 3227 on the barges "REDWING", "REDHEAD", and "REDSTAR", I have to acquaint you that it is concluded that two means of feeding the boilers are provided as required by the Rules, and I shall be glad if you will say what provision has been made for pumping out the bilges.

I have to add that the report forms used by you in these cases are out of date and you should use in future cases the current form which can be obtained from the New York Office.

I am, Dear Sir,

Yours faithfully,

Secretary.

G. Allen, Esq.,  
MONTREAL.
