Dear Sir,

M.S. "WING ON"Ans'd *mc*

On receipt of your letter of 26th ultimo we wrote to the local Agents enquiring as to when and at what port the hull and machinery conditions of class would be dealt with, and were informed that they were writing to the Owners at Singapore and would let us know when they received a reply. To date they have not been so favoured and we are forwarding a copy of this letter to Singapore so that the Surveyors there may contact the Owners and obtain the required information.

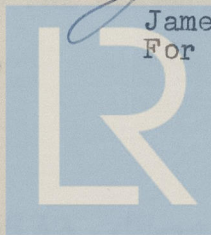

Yours faithfully,

James A. Anderson
For the Surveyors.
