

s. s. "ALDEGONDA".

---

Ams. 12139.

IT IS SUBMITTED that before this case receives consideration the Surveyor be requested to state whether he is correct in stating that the high pressure air receivers are 700 mm. in diameter.

He should also state the number of auxiliary oil engines and where the machinery is to be fitted on board.

It is further submitted that the Surveyor be requested in future cases where the approved plans are dimensioned in metric units to use the same units in the reports.
