Dear Sir,

S.S. "PENELOPE"

We acknowledge receipt of your letter dated 15th March and are happy to note that the Committee will be prepared to consider Owners' demand for a "Year of Grace" after a satisfactory General Examination of the hull and machinery has been carried out.

We thank you for reminding us that the safety valves of the starboard boiler remain to be adjusted since we must confess that this requirement had completely escaped our attention.

The vessel is presently loading at Medialuna (Cuba) from where she is expected to sail on the 29th instant. Would you be so kind as to let us know whether you can arrange for the safety valves to be adjusted there or, else, we would suggest that the matter be dealt with upon ship's arrival in Poland around the end of April.

Yours faithfully,

Lloyd's Register
