Dear Sirs,

S.S. "PENELOPE"

In reply to your letter of the 8th March, I am pleased to inform you that provided a satisfactory General Examination of the hull and machinery is carried out about June next, the Committee will then be prepared to consider the postponement of the Special Survey until some time before the end of June, 1964. |||

I take this opportunity to remind you that the Main Boiler Survey partly held in October last, requires to be completed by the adjustment of the safety valves of the starboard boiler under steam. This should be done at an early date, and I shall be glad to learn what arrangements are proposed in the matter.

Yours faithfully,

Deputy Clerk to the
Classification Committee
