QUESTION.

ANSWER.

With reference to your report No.1631, I shall be glad to learn what arrangements are proposed to be made for the rudder or rudder head to be renewed.

*L.L.L.*

**Date:—** 27th February, 1953

Matter referred to Owners who state that the Shipyard at Rijeka did not deliver the new rudder or rudder head in time. They, therefore propose to deal with the rudder by end of April, 1953.

The existing rudder head was now examined and found efficient.

The Owners' proposal is submitted for a favourable consideration.
