

Steel quadruple Screw Turbine Steamer (Design No. 1476) proposed to be built by Messrs. John Brown & Co., with a view to class 100A1 "With Freeboard". Owners:- The Bermuda & West Indies S.S.Co.

Rule Dimensions:- 550' x 76.5' x 43' to "C" deck
51.25' to "B" deck
59.5' to "A" deck.

Scantling Nos. (Equivalent Ship) :- 22044 and 64119

Proportions:- Length = .9.25 depths to "E" deck.

Outline plans of midship section and profile for this vessel have been forwarded by the Glasgow Office.

This proposal is the same as that submitted by Messrs. Cammell Laird & Co.Ltd., and it is submitted that a copy of the outline plan of midship section, prepared in this Office, showing the principal scantlings which could be recommended to the Committee for the class 100A1 with a freeboard corresponding to an extreme draught of 26'-6" for all seasons might be forwarded to the Glasgow Office for the information and guidance of the Builders in preparing the usual classification plans, should the order mature.

26. 2. 30.
