In reply to your letter of the 23rd ultimo regarding the steamers "RIO MINHO" and "RIO DOURO", I have to inform you that the former vessel has been stopped in this port for the past three weeks awaiting drydocking for the carrying out of the Special Survey. It is the owners' intention to bring the latter vessel to this port for permanent repairs when the RIO MINHO has been completed.

It is also intended to complete the "RIO GUADIANA" before the end of this month and the necessary plans are awaited before forwarding the CII and computation reports.
