Ans.

Dear Sir,

I am in receipt of your letter of the 5th instant with reference to the vessel "RIO GUADIANA", which has appeared in the returns as being under survey for a considerable time. In this connection I have to advise you that the work is proceeding very slowly and the small number of men employed are taken off from time to time to carry out repairs and opening up for surveys on the four completed sister vessels. The vessel is well advanced now, but there appears to be some doubt, in view of the reduction in earning, whether the work will be stopped. Should this happen I will advise you further.

Yours faithfully,

M. Caldwell

Surveyor to Lloyd's Register.
