Special Survey due February 1963.

In March 1963 approval was given to the postponement of the survey subject to a satisfactory General Examination.

The examination was held at Hong Kong in March/April 1963 when the ship was seen in drydock, but the Surveyors stated that in their opinion an extension should not be granted beyond a voyage in Ballast from Hong Kong to Bangkok direct without extensive repairs being carried out.

A Load Line certificate valid only for fourteen days was issued on 5th April.

The Bangkok Surveyor states the ship has not arrived at his port and the Hong Kong Surveyors cable that they are unable to contact the Owner or obtain any information regarding this ship.

According to Lloyd's Index the vessel arrived at Singapore Roads from Malacca. *(s/s)*
