"As we understand all boats of this type were docked in  
 Russia during the last few months and passed surveys by  
 Register U.S.S.R., we do not know whether the Owners are  
 prepared to carry out additional surveys.

"We have just received your similar letter with regard to  
 the m.s. 'SMOLNY' and have written to the Owners, Messrs.

"Please note their reply will apply to all boats of a
