The Screwshaft Survey became due in the case of
each of these vessels in October last.

In reply to enquiry the Society's Surveyor at Penang
now states he is informed by the Superintendent of the
Federated Malay States Railways that it is not intended to
continue these vessels' classification in the Register Book.

The Classing Committee had the cases before them
on Tuesday, the 9th, and Friday, 5th instant, respectively,
when they decided to give instructions for the character of
each vessel to be withdrawn from the Register Book and three
dots (...) inserted in lieu thereof, indicating withdrawal
of class at Owners' request.

11th February, 1932.
