Dear Sirs,

s.s. "ARDROSS"

The above vessel is scheduled to proceed to Hongkong in the early part of December, directly after completion of her present charter commitments.

The vessel's Special Survey date has already been deferred until December by arrangements made by our London Agents, Messrs. Harley Mullion & Co. Ltd. We would like to complete part of the Special Survey in December, 1962, together with General Examination for deferment of Special Survey until December 1963. For this purpose we propose to submit the following Double Bottom Tanks for internal examination and subsequent hydrostatic test:-

No. 2 DB Tank Port and Starboard	
No. 3 DB Tank	- " -
No. 4 DB Tank	- " -
No. 6 DB Tank	- " -
No. 7 DB Tank	- " -
No. 8 DB Tank	- " -

together with various items of machinery.

We propose that internal examination of the Fore Peak, After Peak, Deep Tank, Tween Decks and Lower Holds, together with remaining items of machinery examinations should be deferred until December, 1963, so that we obtain the date of December, 1963, as the date of Special Survey.

Yours faithfully,
MULLION & COMPANY LTD.
