28th August, 1962.

Dear Sirs,

S.S. "ARDROSS"

With reference to my letter of the 16th January, I would remind you that the Special Survey will become due at the end of October and I shall be glad to learn your proposed arrangements regarding this inspection.

The Main Boiler Survey will also become due at the end of October, and the vessel's machinery is at present subject to the main sea injection valve chest, and main discharge valve chest being permanently repaired by the end of November, and the starboard main boiler blowdown valve chest being renewed at the next Main Boiler Survey. It is concluded that these matters will be dealt with at the same time as the Special Survey.

It will be appreciated if you will send a copy of your reply to the Society's Local Surveyors.

Yours faithfully,

C.C. H.R.g.

Clerk to the
Classification Committee.
