Our Reference

Dear Sir,

Motorship "GLADONIA"

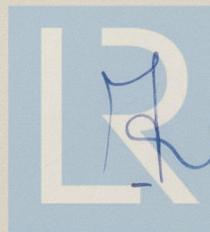

In reply to your letter of the 1st instant respecting the above ship we have to inform you that no repairs are being carried out at present.

Upon enquiries made we were informed that there is a possibility that the work will be carried out by the Owners' own labour but the job might as well be given to a yard.

As soon as any decision has been reached we will inform you.

Yours faithfully,

The Secretary,  
LONDON.
