Dear Sirs,

## CLASSING LETTER

28025 "LENTINI". As recommended.

I shall be glad if you will confirm that the cables and switchboard connections of the additional generator now fitted, are in accordance with the Rules.

28052 "BICE COSTA". As recommended.

With regard to the condition of class relating to gutterways being provided at the forward bulkheads of midship deep tanks - cargo not to be carried in No. 4 hold meantime, I have to inform you that the Naples Surveyors recommended last November, that this matter should be dealt with on the ship's return to their port from the present voyage.

I shall be glad to learn therefore, what early arrangements are proposed to be made in this respect.

Yours faithfully,

pro Clerk to the  
Classification Committee

The Surveyors,  
GENOA.
