Vessel's Name:

Steamer "CAMBOINHAS", Rio Rpt. No.5068  
and following correspondence.

The owners' of the above named vessel desire the same to be reclassified and the ship is now in dry-dock where all outstanding requirements are being carried out. In addition Loadline Renewal and Boiler Surveys are being dealt with.

In these circumstances I should be glad to learn the carrying out of these completion and now again due requirements will be sufficient to merit the recommending of a Special Survey date of 8,51, LMC 8,51 and a BS date on completion.
