# LLOYD'S REGISTER OF SHIPPING

Cert. Kln.C. 61/ 978 J

Port of Köln, Heumarkt 54

5th December, 1961

B.N. 1.8627.0.0009  
L.R. 582 j

This is to Certify that

Heinrich Dröge

the undersigned Surveyor to this Society did at the request of

Messrs. Klöckner-Humboldt-Deutz A.G. of Köln-Deutz attend their works on the 30th August, up to the 13th November, 1961 for the purpose of testing, examining and witnessing running tests as described below, on one Heavy Oil Engine No. 2998669-74, Type BV6M 536.

This engine was constructed under special survey, physical tests were carried out on the materials of the crankshaft and connecting rods, and hydraulic tests on the cylinders, heads, liners and water spaces, all with satisfactory results.

The engine was tested under running conditions and found to function satisfactorily.

For identification the engine parts are stamped by the Surveyors and recorded on the Society's report No. 691, 4c.

*H. Dröge*

Surveyor to Lloyd's Register of Shipping

certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—

While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly performed, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of its Committees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
