Mr. J. L. Lumsdon,  
Lloyds' Surveyor,  
C/O G. F. Huggins & Co. Ltd.,  
72/74 South Quay,  
PORT OF SPAIN.

Dear Sir,

Re. S. S. Inverruba

We have to advise that the above vessel has been delayed in Port of Spain harbour since June 29th, 1960 due to the current strike affecting Texaco Trinidad Inc., and their business associates.

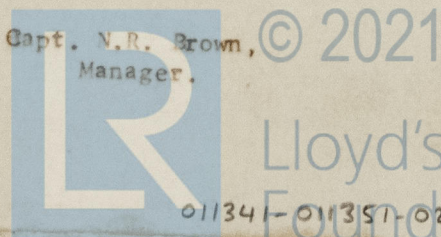

It was the intention of the owners to repair the vessel to enable her to remain in service until August 31st, 1960; but due to the present strike situation they deem it unwise to embark on an expensive repair operation until the labour situation becomes stabilised.

Should the strike continue, it can safely be assumed that this vessel will be laid up indefinitely. If however, a settlement is reached in the very near future, we will contact you regarding the necessary repairs, until then the vessel will remain laid up in Port of Spain.

Yours faithfully,  
Caribbean Shipping Agencies Ltd.,

Capt. V.R. Brown,  
Manager.
