Dear Sirs,

## Motorship "SIGNE INGELSSON"

I acknowledge receipt of your letter of the 18th instant, the contents of which have been noted.

I would point out that according to the key to the Register Book, the moulded length is taken to the centre of the rudder stock if there is no rudder post. The plans show the B.P. length as 530' 0", the centreline of rudder stock 1' 0" aft of Frame '0', and the A.P. as 2" aft of Frame '0'. The correct moulded length is, therefore, 530' 10" and the certificate duly amended is returned herewith.

Yours faithfully,

pro Clerk to the  
Classification Committee.

The Surveyors,  
GOTHENBURG.
