OUR REF. JKC/C.10.
YOUR REF. GA-564.

Yokohama Shipyard & Engine Works,
Mitsubishi Nippon Heavy-Industries Ltd.
Yokohama

Dear Sirs,

S.T. "Althea" - Certificate

We beg to refer to your letter of 31st ultimo to our Athens Principal relative to the above.

You are correct in your assumption that we made arrangements with Lloyd's Register in London to defer issuing these Certificates and upon taking the matter up with them we find that the Certificates which you have now received have been issued in error.

Lloyd's Register have requested, therefore, that you be kind enough to return these to them either through their local Surveyors or direct, according to the method by which you received them.

Would you therefore be kind enough to do so and confirm to us in due course.

Thanking you in anticipation, we are,

Yours faithfully,

Andreadis (U.K.) Limited.
As Agents.

Signed
