Dated 23.10.52. *Received* 27.10.52. *Answered*

Vessel's Name: s.s. "CADIO" & "TETA".

Further my letter of the 1st ultimo I have to report that the Owner in an interview on the 15th instant stated that in the case of the "CADIO" he is now attempting to find the necessary anchor cable in the U.K. or elsewhere and a further three months extension is requested.

Regarding the "TETI", which is at present laid up at Piraeus, the Owner submits that the renewal of the anchor cable be deferred until February next, when, I am informed, Diesel engines will be fitted.

A copy of two letters received later referring to the above matter attached herewith.
