Dear Sir,

Steamer "J. PAUL GETTY"

With reference to your Rpt. 1 No. 5002A, I shall be glad if you will confirm that the anchors and chain cables were tested under the supervision of the Society's Surveyors for assignment of the notation "LACP".

I would also point out that there would appear to be only fourteen transverse bulkheads, not sixteen as reported, and your comments on this are desired.

Yours faithfully,

c.c. CLASSING LETTER FILE

Deputy Clerk to the
Classification Committee.

C. Bolender, Esq.,
DUNKIRK.
