ference

Dear Sir,

When filling up the First Entry report on Yard No.251 (s.s.Borsummy) I found out that although I did confirm your telegram of 7th August 1940 in my letter of 10th August 1940, I did not state that the length has been increased to 127 feet and that the deckplating abreast of hatchway has been made .31" which is the case.

Trusting this case is now in order.

I am, Dear Sir,
Yours faithfully,
