

4E

Chief Engineer Surveyor..... Received from Chief Engineer Surveyor.....
NAME..... TENNA DAN..... REPORT..... Cpn..... No. 17277

Before this case can be considered, the Copenhagen Surveyors are referred to Chapter C.11, paragraph 1105 of the Rules, and requested to supply plans of the following items for approval.

Crankshaft and straight shafting

Donkey Boilers

Pumping and piping arrangements

Electrical installation, including that for slip couplings

Also, as it appears that barred speeds have already been imposed, the torsional vibration calculations should be forwarded for approval.
