28th January, 1958.

Dear Sirs,

Steamer "AFRICAN BARON"

Classn.(H)

With reference to the Boiler Survey which became due at the end of June last and which was commenced at Emden in August, I shall be glad to learn, as soon as possible, what early arrangements are proposed to be made for this inspection to be completed by the examination of the port boiler under steam and the adjustment of its safety valves.

The steam pipe survey became due at the end of July last and arrangements should also be made for this inspection to be carried out at an early date.

Yours faithfully,

The Surveyors,  
GENOA.
