

Translation of letter dated 29.5.61 from VEB Deutsche
Seereederei Rostock.

Dear Sirs,

On receipt of your letters of the 12.4. and 28.4.61, we contacted the "Deutsche Schiffsrevision u. Klassifikation" who replied to us as follows:-

"The DSRK Head Office in Zeuthen have informed Lloyd's Register in London on the 5.4.61 (Ref VT/Kf) that m/s "Volkerfreundschaft" has been entered in the DSRK ship Classification Register under No. 05.1.010 and now holds the class (A) I (Eis). It was pointed out in the same letter that the "Steckenpferd" had been similarly entered under No. 02.1.012 in the DSRK Register, having been assigned the class (A)I

Thus the "Steckenpferd" and the "Volkerfreundschaft" are no longer bound by your Society's classification, and we shall be glad if you will expunge their class from your Register.

Should you have any outstanding claims against Deutsche Seereederei, please advise us without delay.

Yours etc.
