ANSWER.

Date:— **26/11/51**

In June last the Committee agreed to the postponement of the Special Survey(D), which became due at the end of October, 1950, until the end of last month, and in these circumstances I shall be glad to learn what arrangements are proposed to be made for this matter to receive attention, and for the Donkey Boiler Survey and Screwshaft Survey, which became due at the end of September last, to be carried out.

I may add that the machinery was examined throughout in September, 1950.

*L.P.*

Owners advise vessel's class has been withdrawn and vessel now classed with Germanischer Lloyd. Written confirmation of the above has been requested and will be forwarded as soon as received.
