Dear Sirs,

S.S. "NORDIC"

The Report of a Survey held at Aden between the 26th and 29th November has now received the consideration of the Committee.

As a result of this survey class has been continued subject, inter alia, to the port main engine scavenge pump assembly being specially examined and dealt with as necessary on termination of the present voyage. It is understood that this matter will be dealt with at Liverpool, and a copy of this letter is being forwarded to the Society's Surveyors at that Port.

Yours faithfully,

c.c. LIVERPOOL
