Dear Sir,

Motorship "RAZANI" ex "ADAMS BECK".

With reference to your letter of the 17th instant regarding the above vessel, it is regretted that, due to the nature of the damages and condition of the frames, the vessel will be required to be drydocked for a Special Survey notation.

At present temporary repairs have been affected to fractured frames and leaking tank top plating to enable the vessel to carry a cargo to Greece.

We are, Dear Sir,  
Yours faithfully,  
THE SURVEYORS.
