First Steamship Company, Limited.
7th Floor, No.42, Hsu Chang Street,
Taipei, Taiwan.

May 27, 1965
Ref. No. A/20-C

Mr. Henry T.M. Tan,
Surveyors to Lloyd's Register of Shipping
Taipei.

S.S. "EVER HAPPINESS"

Dear Mr. Tan:

As your records will indicate, the international load line certificate for the subject vessel will be due on June 30, 1965. The vessel, which was originally expected to return to Taiwan for inspection before the expiration of the said certificate, is presently at Colombo waiting for berth due to serious port congestion and is not expected to leave there until end of June. Consequently, as it now appears, the vessels will not return to Taiwan before middle of August as the vessel will have to call at Mormugao to lift a shipment of ore after completion of discharge at Colombo.

In view of the situation in which the vessel has been placed, we hereby solicit your kind consideration to extend the above Load Line Certificate to the end of August in order to enable the vessel to complete her present employments and return to Taiwan for inspection.

Your attention and approval will be greatly appreciated.

Yours faithfully,

FIRST STEAMSHIP COMPANY, LIMITED.

SGD. S.C.CHU
