Dear Sirs,

s.s. "LEONIDAS CAMBANIS"

Further to our letter of the 10th January we wish to advise you that the L.P. cylinder stuffing-box, main condenser water box and main circulating pump casing were examined as required at San Lorenzo, Argentina on the 24th March.

We shall be glad to receive your confirmation that these conditions of Class have now been removed.

The steam pipe survey of this ship became due in March 1964 and as the ship is presently on a voyage to the Far East we shall be greatly obliged if you will agree to postpone this survey until December 1964.

Yours faithfully,  
S. G. EMBIRICOS LIMITED
