The Lloyd's Register of Shipping,  
HULL.

Dear Sirs,

M.V. "FRIARGATE"

We confirm various telephone conversations when we advised you that we were taking this vessel out of Lloyd's Classification in respect of Hull and Machinery.

We are, however, asking you to continue Annual Load Line Survey, the next Load Line Survey being due in July, 1958.

"RIVERGATE" This vessel is due for Tail Shaft Examination this month. For your information we are expecting to bring vessel to Goole about the middle of April for slight alteration to the hatchway. This is at the special request of her present cargo Charterers to expediate discharge.

Whilst at Goole if there is a drydock available we hope to put her into dock for Tail Shaft Examination.

It is our intention to keep this vessel in Lloyd's Classification for the time being.

Yours faithfully,

For and on behalf of,

THE HULL GATES SHIPPING  
CO. LTD.
