Dear Sir,

We enclose herewith 1st Entry Report No. 8235 covering the propelling machinery for Messrs. Goole Shipbuilding & Repairing Co's Yard No. 306, and have to point out that the approved list of spare gear submitted by the Hull Surveyors and as detailed below has not yet been supplied by the engine builders as they state that the order for same has not yet been received by them.

The list of standard spares as at present supplied by the engine builders is detailed on the report

- 1 breech safety valve assembly.
- 1 breech start valve box assembly.
- 3 sprayer assemblies.
- 5 piston pressure rings.
- 1 piston scraper ring.
- 1 camshaft driven gear.
- 1 vertical shaft gear upper.
- 1 T.S. 3 H.P. valve assembly.
- 1 T.S. 3 L.P. valve assembly.
- 1 Bosch Fuel pump.
- Assortment of bolts, nuts and screws.
- 5 fuel pump to sprayer pipes.
- Crankpin, main bearing and coupling bolts.
- A complete set of skew wheels for the main camshaft drive.

We are, Dear Sir,

Yours faithfully,

The Surveyors.

Dear Sir,

Dear Sir,

Dear Sir,

Dear Sir,

A complete set of plans were taken for the main engine and boiler
of the ship, with penning and connecting parts.
The plans are as follows:
1. Plan of the boiler and its fittings.
2. Plan of the engine and its fittings.
3. Plan of the main shaft and its fittings.
4. Plan of the main engine and its fittings.
5. Plan of the main boiler and its fittings.
6. Plan of the main engine and its fittings.
7. Plan of the main boiler and its fittings.
8. Plan of the main engine and its fittings.
9. Plan of the main boiler and its fittings.
10. Plan of the main engine and its fittings.

- 1. Plan of the boiler and its fittings.
- 2. Plan of the engine and its fittings.
- 3. Plan of the main shaft and its fittings.
- 4. Plan of the main engine and its fittings.
- 5. Plan of the main boiler and its fittings.
- 6. Plan of the main engine and its fittings.
- 7. Plan of the main boiler and its fittings.
- 8. Plan of the main engine and its fittings.
- 9. Plan of the main boiler and its fittings.
- 10. Plan of the main engine and its fittings.

The plans are as follows:

The first of the plans is a plan of the boiler and its fittings, showing the main boiler and its fittings, and the main engine and its fittings. The second of the plans is a plan of the engine and its fittings, showing the main engine and its fittings, and the main boiler and its fittings. The third of the plans is a plan of the main shaft and its fittings, showing the main shaft and its fittings, and the main engine and its fittings. The fourth of the plans is a plan of the main engine and its fittings, showing the main engine and its fittings, and the main boiler and its fittings. The fifth of the plans is a plan of the main boiler and its fittings, showing the main boiler and its fittings, and the main engine and its fittings. The sixth of the plans is a plan of the main engine and its fittings, showing the main engine and its fittings, and the main boiler and its fittings. The seventh of the plans is a plan of the main boiler and its fittings, showing the main boiler and its fittings, and the main engine and its fittings. The eighth of the plans is a plan of the main engine and its fittings, showing the main engine and its fittings, and the main boiler and its fittings. The ninth of the plans is a plan of the main boiler and its fittings, showing the main boiler and its fittings, and the main engine and its fittings. The tenth of the plans is a plan of the main engine and its fittings, showing the main engine and its fittings, and the main boiler and its fittings.
